This item will expire in 0 days. To keep the item longer, apply a different retention policy.

Janette - I truly apologize for the confusion. We just learned that Rebecca Jamison was the source and that she had input the information into our UST data base. We are going to attempt to revive the data pull and see what we get. This will probably take a few days.

Dear Mr. Shermin

EPA, Region 2 does not have a "data base" of tanks in Indian Country. I don't know where or who provided you with the spreadsheet that you attached. It was not sent to you for us. We only attached a list of known UST facilities operating in Indian Country .

We mention that you our may contact the Nations within EPA Region 2 to request information. Contact for each of the Nations may be found on EPA's website at <http://www.epa.gov/region02/nations/index.html>

Thank you for your patience and for contacting EPA.

Respectfully
